

WAC A5

Biometric Android Fingerprint Time Attendance/ Access Controller with Camera

FEATURES

- Android 6.0 embedded operating system.
- Capacitance fingerprint scanner, Support TrueSafe fingerprint identification.
- Communication with GPRS/GSM, 3G, EDGE, WIFI, Bluetooth. Optional 4G
- Read Type A/B NFC standard card
- 2.0 mega pixels professional camera for face recognition
- 3rd party access control function

SPECIFICATIONS

OS	Android 6.0 Marshmallow
CPU	Dual-Core Processors ARM Cortex-A9 1.3GHz
RAM	DDR 1 GB, Optional: 2 GB
Built-in memory	8GB, Optional: 16 GB
External memory	SD card: Up to 32G
Display	5-inch LCD Capacitive Colour touch screen with 1280×700 resolution.
Camera	2.0 Mega pixels professional camera for face recognition
SIM Slot & Ports	One SIM slot, optional: 2 slots; Micro USB2.0
Power Supply	12V
Battery	4000mAh

WAC RESEARCH CO.,LTD.

Device Dimension	L×W×H: 178×132×42 (mm)
Package accessories	Device bag, Screwdriver, Power adapter
Biometrics	
Fingerprint Sensor	Built-in capacitive fingerprint sensor, Optional: Optical sensor
Image size	500DPI, 256*288 pixel
Capacity	5000 on Android terminal, 1000 on fingerprint chip
Card and code reader	
Mifare Card	Support: 13.56 MHz card, Type A/B and NFC type card
Connectivity	
Cellular network	GPRS/GSM, EDGE, 3G, optional 4G
Wi-Fi	802.11 b/g/n
Bluetooth	4.0
GPS/AGPS	Support
TCP/IP	Support
Others	
Access Control	3rd Party Access control door lock function Support: Wiegand In/Out
OTA	Over the Air Upgrade Capability
Working Environment	Temperature: -10°C ~ 60°C Humidity: 0 ~ 95%
Certification	CE&FCC, IMEI GSM certificate
Industry Standards	FC, CE and BSMI.
Development support	
IDE	Microsoft Visual Studio, Android Studio, Embedded Visual C++ and so on.
Development Language	C++, .Net, Java and so on.
