Duplex Color Scanner with ADF & Flatbed. Seamless & Instant Digital Filing and Sharing.

Digital Documents Solutions for Distributed and Central Offices.

The Plustek SmartOffice PL2546 is a great idealistic product for Government departments, institutions, enterprises, organizations and distributed branch offices who likes to go paperless. Documents' scanning, editing, filing and archive management can be simplified by using this scanner. With the functionality of duplex ADF and flatbed scanning, it is really easy to handle a lot of documents scanning and capturing any size of documents for digital filing and management. 50 pages ADF feeder capacity is helpful to enhance work efficiency. The scan speed of 25ppm/46ipm and hi-resolution scanning makes it well suited for central and distributed branch offices.

Features OCR, A3-Size Documents & Plastic Cards Color Duplex Scanning.

Let the Plustek SmartOffice PL2546 compete for your business! This scanner features full color duplex scanning of "thick documents" and "plastic cards", such as insurance cards, credit cards, ID cards and drivers' licenses. With the Plustek advanced CIS sensor technology, flatbed up to 1200 x 1200dpi optical resolution, it is suitable for hi-resolution photo scanning. Improved color accuracy enhances images for much truer and more consistent colors. Hi-recognition OCR scanning results and A3-size document support simplifies all your daily works, especially well suited for the centralized digital database sharing to distributed branch offices and workgroup users.

Specific Design: Convenient Single-Touch Function Buttons.

With the Single-Touch Function buttons design, the Plustek SmartOffice PL2546 enables easy scanning of typical office documents. With the features of auto-size, auto-crop and auto-deskew, all documents can be easily digitalized for you to store, reorganize, edit, and also share with your workgroup instantly. The functions allow you to directly scan to searchable PDF, OCR and BCR, and also access programs seamlessly, such as Excel, Word, Email, Copy and Save to File directly. Just one touch lets all documents' scanning complete with ease, and you can also customize each button for your specific needs. All of the versatile features help productivity increase and enhance work performance, especially the need to digital document archiving and management.
